

Electromagnetic Fields (EMF) Basic Training Seminar

*Electric and Magnetic Fields, Radio Frequency Radiation, 'Dirty Electricity',
and their Links to Adverse Health*

Date: Saturday, January 23, 2010 Hours: 9 am to 5 pm ET Location: Toronto

*In one day you'll learn the fundamentals of EMF
from two of Canada's top EMF Experts,
plus we have a very special EMF Expert Guest Speaker,
Dr. Magda Havas, Ph.D.*

Kevin Byrne
President,
EMF Solutions Canada
www.EMFSolutions.ca

Rob Metzinger
President,
Safe Living Technologies
www.safelivingtechnologies.ca

Topics covered during this one-day seminar

1. *Understanding Electromagnetic Fields (EMF)*
2. *The Four Components of Human-made EMF*
 - *Electric Fields*
 - *Magnetic Fields*
 - *Radio Frequency Radiation*
 - *Dirty Electricity*
3. *The Health Effects of EMF Pollution*
4. *The Science of Measuring EMFs*
5. *Commonly used EMF Meters and Detectors*
6. *Standards and Thresholds*
